

Message from the Chairmen

The Minister for Livestock Development (centre) Hon. Mohammed Kuti meets with the organizing committee of the 2009 Brookside Livestock Breeders Show & Sale led by the co-chairman Mrs. Mary Nevill at his offices in Kilimo House. The Committee briefed the Minister on the progress of the show. Also in the picture is Brookside Dairy Extension Services Manager Mr. Sebastian Kariuki (left).

Message from Mrs. Mary Nevill Joint Chairman BLBSS 2009

Mary Nevill

I should like to welcome our VIP and thank him for giving up his precious time to be with us here today.

It has been a great pleasure working with Jimmy Brooks as Joint Chairman and thank him for his support.

We are very proud that the show has grown every year and it gives a wonderful opportunity for all those connected with the livestock industry to meet, learn and discuss present day trends.

I must once again thank Brookside Dairy Ltd for being Title Sponsor. They play an important role in helping organize the show. I warmly welcome our overseas judges and experts who will be giving presentations.

Message from Mr. Jimmy Brooks

Mr. Jimmy Brooks

Welcome to the 2009 Livestock Breeders Show. This show should have been held in 2008 but because of the troubles in Kenya it was postponed

Since then we have had the further problem of drought which has obviously affected all our breeders, so we are especially grateful to them for bringing their livestock to exhibit.

In addition, the global financial crisis has affected each and every one of us. We are therefore most grateful to our title sponsor, Brookside and all the other sponsors who have continued to support us in spite of this. Your contribution to the success of this show, big or small, is much appreciated.

A big thank you must go to the Organising Committee for all their contributions towards the Show. An enormous amount of effort and time is expended to put on this Show, by them.

We trust that each one of you visiting the Show will find something useful to return home with and we thank you for your support.
